DISTANCE OPERATOR SERVICES	)	

**O R D E R**

On January 17, 1990, pursuant to an Order of the Public Service Commission ("Commission") in Case No. 89-132,<sup>1</sup> AmeriCall Systems of Louisville ("AmeriCall") filed a contract between AmeriCall and the University of Kentucky ("UK") for the provision of long-distance operator services in Kentucky, effective July 1, 1988 and renewable annually. The contract raises several concerns, including but not limited to the following:

The contract provides for the installation of direct digital facilities from UK to AmeriCall Long Distance. Such direct access may block access to other carriers in possible violation of the Commission's Orders in Administrative Case No. 330<sup>2</sup> and may be inconsistent with the requirements of those Orders for the carriage of intraLATA traffic in those areas with equal access end offices.
